Melissa,

We have tentatively scheduled a meeting with environmental petitioners in the steam electric reconsideration rule litigation for this **Friday, May 21, at 4:30**. We are also working with Monique to schedule a follow-up briefing for you and Benita on the information OW sent forward last week before the meeting with petitioners. I will send both the OW materials and summary notes from the last meeting between environmental petitioners and OW staff to the Front Office for inclusion in your evening binder (they're attached here as well).

Please let me know if you need anything else or would like to meet with us before the meeting with petitioners.
